

STUDENT PUBLICATIONS 2013- 2014

S.No.	Title of the paper	Journal	Published Month & Year	Vol No:	Name of the Authors
1	Performance Analysis of IEEE 802.15.4/ZigBee Wireless Sensor Networks	International Journal of Engineering Sciences and Research Technology	Apr-14	3	Sangeetha C P, Dr. C.D. Suriyakala
2	A Survey on Fuzzy Based Adaptive Routing Protocol for MANET	International Journal of Advanced Research in Electrical, Electronics & Instrumentation Engineering	Mar-14	Vol 3	Indu Saju , Nishanth Krishnan
3	A New Approach to Authentication of Halftoned Images with Zero Image Distortion and Security Enhancement	International Journal of Scientific Research and Education	Mar-14	2	Deepthi thomas Jais John
4	The IEEE 802.15.4 MAC Unreliability Problem: Issues and Solutions- A Survey	International Journal of Advanced Research in Electrical, Electronics and Instrumentation Engineering	Dec-13	2	Sangeetha C P, Dr. C.D. Suriyakala
5	Experimental Comparison of variance based fusion and Information Fusion in target tracking	International Journal in Latest Research in science and Technology	Feb-13	Vol 2	Deepa Elizabeth George, A Unnikrishnan K Paulose Jacob
