'Back to School amidst Covid-19' awareness campaign for school children – “Let's learn: with the Children”

In the advent of reopening of schools amidst covid 19, the Department of Computer Science and Engineering, Toc H Institute of Science and Technology, in association with the Public Library, Kakkoor, co-organized an awareness campaign for school children – “Let's learn: with the Children”. Dr.Sreela Sreedhar (HOD, CSE) handled the session which aided to create a supportive and nurturing environment that helped students to focus on the positive things of being back to school. The return to school is an important and hopefully welcome step, but in the pandemic situation, kids may feel a little nervous and are dealing with the stress of the ongoing crisis differently from elders. Hence, the campaign was organised with a vision for holistic advancement through friendship, to boost the confidence of school going children after a break. Dr.Sreela responded positively to questions and expressions of the feelings of the ongoing crisis, showed support to let the children know that it's the new normal, and advised them to stick to their routines and make learning playful. The session helped to impart confidence in the children to bring them together, at the same time created awareness about the importance of hygienic health practises too.

Covid Cell Product

S4 students from the CSE dept have released their first covid-19 android app – C-Scan Kerala. This app provides information on total, recovered, deceased and active cases of Kerala. This app also provides daily data and total data for all 14 districts. After 4 months of work, currently it has been approved and released on play store.

Snehagadha : Awareness seminar on women safety

Dr. Sreela Sreedhar, Associate Professor and Head of the department of Computer Science and Engineering, TIST delivered a session on “**Snehagadha**”: an awareness program on **women safety** organized by **Kakkoor Public Library** on 16th July 2021 at 8pm. The event which was conducted in Google meet was inaugurated by Adv. Sandhyamenon Prakash. Kakkoor public library president Mr. K. P. Aneesh Kumar delivered the presidential address. The session by Dr. Sreela Sreedhar discussed on the various ways women’s safety can be ensured and improved in the society as a whole with an overview on the various measures to be taken for empowering women and girls at the individual level. Mr. Varghese Mani, Mr. V. K. Sasidharan, Mr. Sunil Kallattukuzhy and Ms. Beena Jose participated in the various discussions as part of the event. The program was well received and attended by several residents of the Kakkoor gramapanchayath.
