Prof. Dr. V R Renjith (SOE,CUSAT) and Dr. V M Ramesh, Senior Manager (F&S, BPCL Kochi Refinery) delivered the key note addresses

- **Workshops on KAIZEN, 5S & Total Quality Management.**

Workshop on KAIZEN, 5S & Total Quality Management was organised by department of safety and fire engineering in association with PRIME Certification and Inspection India Pvt. Ltd. on February 14 and 15 2019.

In the ever evolving world, where every leading industry has oriented towards quality and sustainability, PRIME Certification and Inspection India Pvt. Ltd., in association with our college took an initiative to train and inculcate the knowledge of KAIZEN 5S and Total Quality Management to students from various streams and colleges of the state. Ninety seven students, including two faculties, attended the workshop, and they found it to be very useful and applicable to their respective fields. From the feedback of a faculty who had attended,

“The Workshop was a great success and I appreciate the commendable efforts made by the Co ordinators ! The talk though brief, covered all the basic aspects of KAIZEN, 5S, ISO 9000:2018 standards ! Overall, it was a delightful experience”.

- **Seminar on First Aid and CPR Training**

Department conducted one day training class on First Aid & CPR on 12/10/18. Mr.Simon Jacob, First Aid Faculty & Trainer and member of National safety council, led the class. Live demonstration on how to give CPR and first aid on emergency situations was given to semester 5 students.
