

Department Achievements

2014-15

Pass out Batch	Students placed in companies or govt. sector	Students turned entrepreneur in Engineering	Students admitted to higher studies
2011-2015	25	0	13

TIST Students team at CANSAT & URC

The Mechanical department had been instrumental in helping a team of five students in participating in the International contest – CANSAT & URC by NASA, held in the year 2014. Staff members from the department played the role as faculty advisors and fabrication of the models were done at the Mechanical workshop assisted by the Technical staff.

The team had been recognized by both the State and Central Governments and also received generous funds for their endeavours to represent the country.
