

Social Outreach Programs 2018-19

TECHNICAL SOCIAL OUTREACH SESSION ON 'ARTIFICIAL INTELLIGENCE'

Dept of CSE Toc H got a wonderful opportunity to interact with the students of Bhavan's Munshi Vidyashram, Thiruvankulam as part of its Technical Social Outreach Program on the topic "Artificial Intelligence – Exploring the Buzz Word". The students were really enthusiastic and have decided to form an AI Robotics Club at their school to learn the next generation technology in association with department of CSE Toc H and ASDC Toc H

House wife computer TRAINING PROGRAM

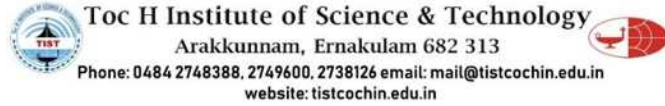

Department of CSE TIST in association with CSI and NSS Unit TIST conducted free House Wife Computer Training program from July 1 to July 15, 2019. The program received overwhelming response as in past years. Few glimpses from the training program.

Career Orientation Session in Engineering at St. Ephrem Seminary School, Vettickal on 28 th March 2019

A Career Orientation Social Outreach Session, facilitated by students and faculty members from TIST in collaboration with the Department of Computer Science, Placement Cell, and NSS was conducted at St. Ephrem Seminary School, Vettickal on 28 th March 2019. The primary objective of the session was to educate students about the diverse career opportunities available in engineering and the significance of pursuing higher education. Through engaging discussions and interactive activities, students gained valuable insights into various engineering fields and had their queries addressed, aiding them in making informed decisions about their future career paths. Assistant Professors Elsaba Jacob, Ceira Sara Cherain, and Mima Manual provided a comprehensive overview of professional engineering courses and their relevance in the contemporary context.

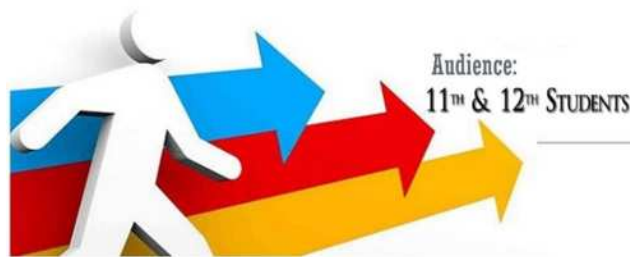

The session, spearheaded by Abhay P.A, Ashika Chinnu Sabu, Vyshnavy N A, and Yadav Jayachandran, proved to be both enlightening and beneficial for the students,

empowering them to explore their interests and aspirations within the realm of engineering.
